

Early IT Summer Camp

In-Person Camp: June 5-June 16, 2023

Virtual Camp: June 20-June 30, 2023

The Early IT Summer Camp is a **free** day camp hosted by the School of Information Technology at the University of Cincinnati. It is designed to give high school students a solid foundation in Information Technology including: cybersecurity, software development, game development and simulation, and data and cloud technologies.

Our camp gives students access to learn from esteemed faculty in the School of Information Technology, an opportunity to interact with top industry leaders, and the chance to engage in a series of team-based projects.

Experience hands-on
learning of current
technologies

Work in groups to
develop your own IT
solution

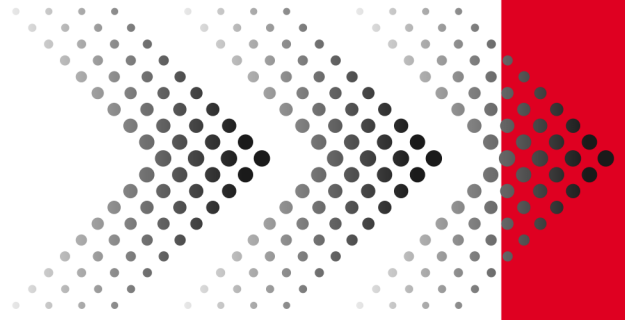

Learn from college
professors and IT
business leaders
