DISCOVER YOUR FUTURE TODAY

Open to All Students, All Majors

Tech and non-tech majors, full- and part-time, traditional to continuing ed, UC has created the **NEXT APPRENTICESHIP** – your path to tech skills and high-demand jobs of tomorrow. From refreshing your resumé, upgrading your tech skills, or landing a future-forward co-op, the NEXT Apprenticeship meets you where you are and gets you where you want to go. We're here to connect you with your future.

HIGH-DEMAND TECH JOBS

NEXT Apprenticeship is the pathway to careers in high-demand tech jobs, including:

– IT System Support Technician
– Web Developer
– Computer Programmer
– Geographic Information Systems
– Computer Systems Analyst
– Business Intelligence Analyst
– Network Systems Administrator
– Database Administrator
– Software Application Developer
– Cybersecurity Analyst
– Hardware Design Technician
– Health Information Management

AND MORE

THE FLEXIBILITY YOU NEED

In today's world, balancing school, work and life is an on-going challenge. That's why the **NEXT APPRENTICESHIP** is built around you and your schedule, not the other way around. Whether you prefer working remotely or on-site, full-time or part-time, there's opportunities that accommodate a wide range of schedules.

With a **NEXT** program advisor, you'll design an individual academic plan based on your level of preparation, work experience and career goals - acquiring the skills and certifications needed to pursue in-demand, well-paying careers in tech.

DISCOVER THE POSSIBILITIES TODAY!
